DAILY DECLARATION FOR 2023

2023 is my year of VICTORY through divine favour with God and man. Christ (the Anointed One) has given me the victory and I have received it as mine. Therefore, victory is mine right now. Through Christ, I overcome in every way. I have overcome sicknesses, diseases, failure, restlessness, lack, fear, death, poverty, deception and all forms of oppression and bondage of satan.

My family and I will live in victory this year.

Our church is victorious! Our community lives in victory! Victory is mine today and always. I have victory in the morning, I have victory at noon and I have victory at night. I am victory personified and I empower others around me to walk in victory. I walk in favour with God and man throughout this year. I will not let go of my victory and favour, I will hold on to them and they will keep multiplying in Jesus' mighty name.

My victory comes through the anointing of Jesus. Therefore, I will go deeper in Christ this year. I will stay and walk in the anointing throughout this year. This is my year of VICTORY and nothing will make me negotiate its prevalence over all I do!

Arklow Christian Community Church
